

EURO-KEP WEBINAR SERIES - Webinar 1

Welcome to the EURO-KEP Webinar Series.

EURO-KEP is an EU co-funded initiative dedicated to establishing a pan-European Kidney Exchange Program, aimed at increasing access to life-saving kidney transplants across Europe.

The UK Kidney Exchange Program: What can we learn from experience?

This webinar series is designed for clinicians, researchers, policymakers, transplant coordinators, patient advocates, and all stakeholders interested in expanding living donor kidney transplantation opportunities through collaboration, innovation, and shared expertise.
